

## GAMIC Award Winners, Finalists, Semi-finalists

<b>2017 Award Winners</b>	Barnard Acoustics	<a href="http://www.BarnardAcoustics.com">www.BarnardAcoustics.com</a>	Active and passive noise control solutions
	Clingfish Products	<a href="http://www.ClingfishProducts.com">www.ClingfishProducts.com</a>	Vacuum-powered mounting technology for aluminum and glass surfaces
	DIYAuto.com	<a href="http://www.DIYAuto.com">www.DIYAuto.com</a>	Ultimate all-media gearhead encyclopedia for automotive DIYers
	PlasmaStream Technologies	<a href="http://www.PlasmaStreamTech.com">www.PlasmaStreamTech.com</a>	Plasma-actuator active aerodynamics system to reduce truck trailer drag
<b>2017 Finalists</b>	Acerta Systems	<a href="http://www.Acerta.ca">www.Acerta.ca</a>	Real-time SaaS Platform to detect vehicle anomalies and predict failures
	Connect MyEV	<a href="http://www.ConnectMyEV.com">www.ConnectMyEV.com</a>	World's first conductive park-and-walk high-power autonomous-driving EV charger
	CORA CyberSecurity	<a href="http://www.CORAcSi.com">www.CORAcSi.com</a>	"Trust-independent", self-healing encryption technology
	DataDriven	<a href="http://www.DataDrivenApp.com">www.DataDrivenApp.com</a>	Using smartphone audio and vibration data to perform automotive diagnostics without using OBD
	eCalCharge (WattHot)	<a href="http://www.eCalCharge.com">www.eCalCharge.com</a>	EV smart charging software and coordinated charging for regulation grid services
	FenSens	<a href="http://www.FenSens.com">www.FenSens.com</a>	World's first Smart Wireless Parking Sensor, enabled through the smartphone
	SPLT	<a href="http://www.SPLT.io">www.SPLT.io</a>	Transportation platform providing enterprise carpooling and non-emergency, on-time patient medical appointment transportation
	Trillium	<a href="http://www.Trillium.co.jp">www.Trillium.co.jp</a>	Custom, multi-layer adaptive cyber-systems for transportation applications
	VeloMetro Mobility	<a href="http://VeloMetro.com">http://VeloMetro.com</a>	On-demand mobility service with enclosed electric velomobiles integrated to a central sharing network.
<b>2016 Award Winners</b>	Civionics, Inc	<a href="http://www.civionics.com">www.civionics.com</a>	Wireless monitoring system to track the performance and health of engineered systems in demanding environments

	IndustryStar LLC	<a href="http://www.industrystarsolutions.com">www.industrystarsolutions.com</a>	Supply chain software-as-a-service platform to expedite, optimize and de-risk client supply chain
	Jolt Energy Storage Technologies LLC	<a href="http://www.jolt-energy.com">www.jolt-energy.com</a>	Improved safety, cost, and performance of lithium ion batteries
	SurClean	<a href="http://www.surclean.com">www.surclean.com</a>	Disruptive laser technology to selectively remove paint / other surface coatings from surfaces of high-cost capital assets
<b>2016 Finalists</b>	Algocian Inc	<a href="http://www.algocian.com">www.algocian.com</a>	Automotive-grade pedestrian detection
	Kasi Technologies AB	<a href="http://www.kasi-tech.com">www.kasi-tech.com</a>	Modular enhanced supercharger system for mild hybrid vehicle engines
	XIR Tech / North Coast Imaging	<a href="http://www.xirtech.co">www.xirtech.co</a>	Multi-spectral image analysis technology for manufacturing, food processing, and medical applications
<b>2016 Semi-finalists</b>	Golden Products and Services LLC	<a href="http://www.goldenpsllc.com">www.goldenpsllc.com</a>	Green transmission to lower fuel costs and increase performance of mobility and energy platforms
	Meiselectric, Inc.	<a href="http://www.meiselectric.com">www.meiselectric.com</a>	Electronic solenoid activating engine valves for cam-less variable valve timing of internal combustion engines
	My Dealer Service	<a href="http://www.mydealerservice.com">www.mydealerservice.com</a>	Web-based software connecting auto service departments to their customers with real-time repair status updates
	SofTrek, Inc.	<a href="http://www.softrekinc.com">www.softrekinc.com</a>	Technology to reduce driver distraction
<b>2015 Award Winners</b>	Advanced Battery Concepts	<a href="http://www.advancedbatteryconcepts.com">www.advancedbatteryconcepts.com</a>	Award-winning technology to improve large-format energy storage technology and increase performance of sealed lead-acid batteries at reduced cost
	Detroit Materials	<a href="http://www.detroitmaterials.com">www.detroitmaterials.com</a>	Ultra-high-strength structural steel for demanding defense, off-highway and transportation applications
	RightThereWare LLC	<a href="http://www.rightthereware.com">www.rightthereware.com</a>	Patented technologies to optimize multi-stop navigation for improved ETA, navigation and shared rides

	SiNode Systems	<a href="http://www.sinodesystems.com">www.sinodesystems.com</a>	Manufacturing process for next-gen higher-capacity faster-charging lithium-ion battery silicon-graphene anodes
<b>2015 Finalists</b>	CarKnow / DataDriven	<a href="http://www.carknow.me">www.carknow.me</a>	Hardware and software enabling development of unique applications for vehicle owners with vehicle data
	Elegus Technologies	<a href="http://www.elegustech.com">www.elegustech.com</a>	Lithium-ion battery separator that allows increased their energy density without compromising safety
	Fulcrum Engineering LLC	<a href="http://www.fulcrumengineering.com">www.fulcrumengineering.com</a>	Vehicle structural joints decoupling during major accidents, displacing force to better protect occupants
	Intertwine Corporation	<a href="http://www.intertwinecorp.com">www.intertwinecorp.com</a>	Web-based Automotive Project Management software which standardizes and integrates Quoting, Forecasting, Capacity Planning and Program Management processes
	Magwerks LED, LLC	<a href="http://www.magwerksLED.com">www.magwerksLED.com</a>	State-of-the-art magnesium thixmolding-based high-powered LED lighting solutions
	Meiselectric, Inc.	<a href="http://www.meiselectric.com">www.meiselectric.com</a>	Electronic solenoid activating engine valves for cam-less variable valve timing of internal combustion engines
	Smartershade	<a href="http://VGSmartglass.com">VGSmartglass.com</a>	Non-powered, linear-shifted polarizing smartglass technology for home, vehicle and industry applications
<b>2015 Semi-finalists</b>	Civionics, Inc	<a href="http://www.civionics.com">www.civionics.com</a>	Wireless monitoring system to track the performance and health of engineered systems in demanding environments
	Daheco Engines Corp	<a href="http://www.dahecoengines.com">www.dahecoengines.com</a>	High-pressure air-activation for ultra-efficient, alternative technology internal combustion engines
	Liuman Technologies LLC	<a href="http://www.liumantech.com">www.liumantech.com</a>	Quasi3D woven structure components with performance of metallic components at a superior weight reduction
	Nano Innovations	<a href="http://www.nano-innov.com">www.nano-innov.com</a>	Heat-conductive, electrically insulating plastics and products for improved thermal management

	Persis Consulting	<a href="http://www.persisconsulting.com">www.persisconsulting.com</a>	Automotive Data Aggregation Manager or ADAM, first automotive-specific wearable to link personal information with the vehicle
<b>2014 Award Winner</b>	Covaron Advanced Materials	<a href="http://www.covaron.com">www.covaron.com</a>	Controlling alumino-silicate polymers to enhance foams, adhesives, coatings and fiber-reinforced composites
<b>2014 Finalists</b>	PaxGrid		System enabling Dedicated Short Range Communications infrastructure to make bandwidth available to consumer devices for wireless Internet connectivity
	Phoenix Imaging	<a href="http://www.phoeniximaging.com">www.phoeniximaging.com</a>	Machine vision components, computers, software and integrated solutions for specific industrial applications.
<b>2013 Award Winner</b>	Monarch Antenna	<a href="http://www.monarchantenna.com">www.monarchantenna.com</a>	Adaptive Smart Antenna technology to improve the reliability of the wireless link
<b>2013 Finalists</b>	BlueWater BioProducts	<a href="http://www.bluewaterchamber.com">www.bluewaterchamber.com</a>	Rubber and miscellaneous plastic products
	CAETech	<a href="http://www.caetech.com">www.caetech.com</a>	Engineering and technology information solutions
	XIR Tech / North Coast Imaging	<a href="http://www.xirtech.co">www.xirtech.co</a>	Multi-spectral image analysis technology for manufacturing, food processing, and medical applications
	OmniCo AGV	<a href="http://www.omnicoagv.com">www.omnicoagv.com</a>	Automated guided vehicles which enable reconfigurable all-modular material handling systems
<b>2011 Award Winner</b>	Dynamic Intelligent Solutions	<a href="http://www.dynamic3dmeasure.com">www.dynamic3dmeasure.com</a>	Measurement technology solutions, built around optical portable coordinate measurement systems
<b>2011 Finalists</b>	InphoDrive LTD	<a href="http://www.inphodrive.com">www.inphodrive.com</a>	An in-vehicle vocal infotainment platform which enables verbal access to information.
	International Metals & Energy Technology	<a href="http://www.autogreenpower.com">www.autogreenpower.com</a>	Clean diesel emissions through a hydrogenated ECR and diesel particulate filter system
	Magwerks LED, LLC	<a href="http://www.magwerksLED.com">www.magwerksLED.com</a>	State-of-the-art magnesium thixmolding-based high-powered LED lighting solutions

	Quantum Signal	<a href="http://www.quantumsignal.com">www.quantumsignal.com</a>	
<b>2010 Award Winner</b>	Infinite Corridor Technologies	<a href="http://www.ict-flex.com">www.ict-flex.com</a>	Stretchable, flexible electronics for wearable technology
<b>2009 Award Winner</b>	Clean Energy Innovations	<a href="http://www.logicoul.com">www.logicoul.com</a>	Interfacial Process Stimulation system to improve the performance of rechargeable batteries with modification to the batter itself.
<b>2008 Award Winner</b>	Innovate Technologies	<a href="http://www.coorstekensors.com">www.coorstekensors.com</a>	Next-generation emissions sensors, combining technical ceramics and advanced signal processing
